Overlock and Serger Sewing Machines. For Alterations and Tailoring

The ARTISAN® model 732 and 752 overlock and sergers are among the finest quality sewing machines manufactured. The machines are designed for alteration or manufacturing stitching on light to medium weight fabrics where a quality stitch formation is of the utmost importance.

Several models and sub-classes of machines are available:

752-17 is a three thread, single needle overlock machine.

752-13 is a four thread, two needle mock-safety stitch serger machine.

732-70 is a five thread, two needle safety stitch sew-overlock machine.

Some features of the ARTISAN® 732 and 752 include a push button stitch length regulator, differential feed, fully automatic lubrication, easy threading with color coded photo instructions and easily interchangeable spare parts with "Pegasus" models 732 and 752 style machines.

We recommend the usage of quality Schmetz needles size B-27

- » SEWING SPEEDS UP TO 6,800 S.P.M.
