

# ARTISAN® SEWING MACHINES

## Heavy Duty Long Arm WALKING FOOT UPHOLSTERY SEWING MACHINE

The ARTISAN® TORO-1320 Long Arm Walking Foot Sewing Machine is designed to stitch light to heavy upholstery fabrics and leathers. TORO-1320 machines will easily stitching various weights and types of items such as automobile upholstery, awnings, canvas, webbing, boat covers, tack, belts, knife scabbards, and many other items. The 17 inch arm allows one to stitch bulky or larger items such as door panels and sun visors effortlessly. TORO-1320 walking foot machines are extremely versatile.

Normally one sews with bonded industrial thread from size z-69 up to size z-277. The machine will stitch to a combined compressed capacity of up to 5/8" of an inch of fabric or leather and has a presser foot lift up to 7/8".

ARTISAN® includes a 1/4" welting presser foot set with each TORO-1320 machine. One uses this type of custom made presser foot set to sew most all projects.

The TORO-1320 machine has a reverse feed mechanism for back-tacking and locking in the beginning and ending seams. The stitch length is easily adjustable from a very short stitch up to about 3 stitches in an inch. The machine sews up to 1200 stitches per minute and also features one of the largest bobbins made. The rotating hook holds a bobbin that is about 1 1/2" in diameter.

ARTISAN® TORO-1320 Long Arm Walking Foot Sewing Machines are fully controllable at all sewing speeds. With the ARTISAN® Electronic DC servo motor a novice or a professional trimmer can sew and control any speed from stopped up to about 1200 SPM.
